

# MUHAMMAD ABDULLAH

## Software Engineer

- Phone: +92 322 6956161
- Email: [insights.abdullah@gmail.com](mailto:insights.abdullah@gmail.com)
- Portfolio: <https://abdullah-ai.vercel.app>
- LinkedIn: [www.linkedin.com/in/mabdullahriaz2005](https://www.linkedin.com/in/mabdullahriaz2005)

## Professional Summary

**Full-Stack Developer** specializing in AI-powered, scalable, and robust solutions that solve real problems and deliver measurable value. Skilled across the stack, **from UI to APIs to vector search**, with a track record of learning fast and executing end to end.

Experience includes AI systems, SaaS Platforms, Data pipelines, and Real-Time features, with strong expertise in **RAG, LLM integration, and backend infrastructure**. Currently focused on AI automation and context-aware LLM tools that streamline business workflows and unlock efficiency at scale.

## Skills

- **Languages & Frameworks:** JavaScript, Python, React.js, Express.js, Node.js, Tailwind CSS, TypeScript, Java, React Native, NextJS, LangChain, LangGraph
- **Databases:** MongoDB, SQL, PostgreSQL, Supabase
- **Testing & Tools:** Git, GitHub, Postman, LangSmith
- **Soft Skills:** Communication, Problem Solving, Collaboration

## Work Experience

### Associate AI Engineer - BeWhoop

June 2025 – Now

(Remote, Pakistan)

- Built LLM-powered automation models that improved user interaction and reduced manual effort.
- Developed a scalable mobile app in React Native from concept to launch-ready stage, implementing best coding practices for optimal functionality.

### Junior Software Developer - BoostsInc

Mar 2025 – Apr 2025

(Remote, Malaysia)

- Revamped frontend systems using React Native and streamlined backend operations with Node.js, significantly boosting system efficiency and enhancing user experience.
- Delivered projects for clients in the UK and Malaysia, utilizing MERN technologies for efficient project management and successful client satisfaction

## Education

BS Software Engineering - **COMSATS University, Islamabad**

2024 – Present

Pre-Medical - **Punjab Group of Colleges**

2022 – 2024

## Licenses & Certifications

## What's Next?

I'm focused on building purposeful, real-world solutions with modern web and AI technologies. Looking for opportunities that value innovation, learning, and strong engineering culture, where I can contribute meaningfully and continue growing as a developer.
